They are split up into three classes (Reception years one and two, years three and four and years five and six.) And they all focus on four core values: Kindness, Trust, Perseverance and Peace.

Outside areas

The outstanding outdoor areas on the school field are very exciting and there is a variety of different apparatus: climbing frame, climbing poles, playground markings rope and pulley system, willow dens an obstacle course, weighing scales and an array of music making equipment. And some calm reflective areas too (Like the oak tree.) There is a gazebo situated at the bottom of the field that has five animal bean bags (mouse, insect, parrot, hedgehog and a penguin). It's their quiet area. Also, the weighing scales and the rope and pulley system are amazing for outdoor learning too. And if anything is damaged they will take care of it before anyone gets hurt.
